

Arise

New Townhouses at 27 Ennis Avenue, Pakuranga
Completing in November 2025

A Limited Collection of Boutique Homes

Classic Kiwi Architecture. Generous Spaces. Private Car Parking.

Multiple Bathrooms. Scandinavian Interior Design. Lush Landscaping. An Experienced Developer.

Prices start from \$749k

Arise

Sun-filled living spaces extend onto your north-facing courtyard.

27 Ennis Avenue
East Auckland

Key Features

The homes are thoughtfully designed to provide a fantastic living experience for both owners and tenants.

Spacious Design

Wide Living Rooms extend out to Full-Width North-Facing Courtyards.

Double Bathrooms

Two Full Bathrooms that are Fully-Tiled with Large Vanities.

Abundant Carparking

A Private Carpark with plenty of On-Street Parking.

Extra Laundry & Storage

Homes include a Laundry Room with dedicated Linen & Storage Cupboards.

Arise

Curated Interiors

The interiors are filled with light and employ a scandinavian design palette with natural, warm tones throughout.

Kitchens include Bosch appliances, white-marble engineered stone, and ample storage.

Sophisticated Bathrooms

Each home comes with two full bathrooms so you're never waiting for the shower. Full height vanities and mirror cabinets in upper bathrooms mean you're never short of storage space.

The bathrooms boast light-oak vanities, sandstone porcelain tiles, and slimline toilets.

Arise

Double Bedrooms

Every bedroom has room for double-beds and includes wardrobes with a melteca shelving fit-out.

Master Bedrooms include USB chargers by each side table.

East Auckland

Move-In November 2025

Arise

Enduring Architecture

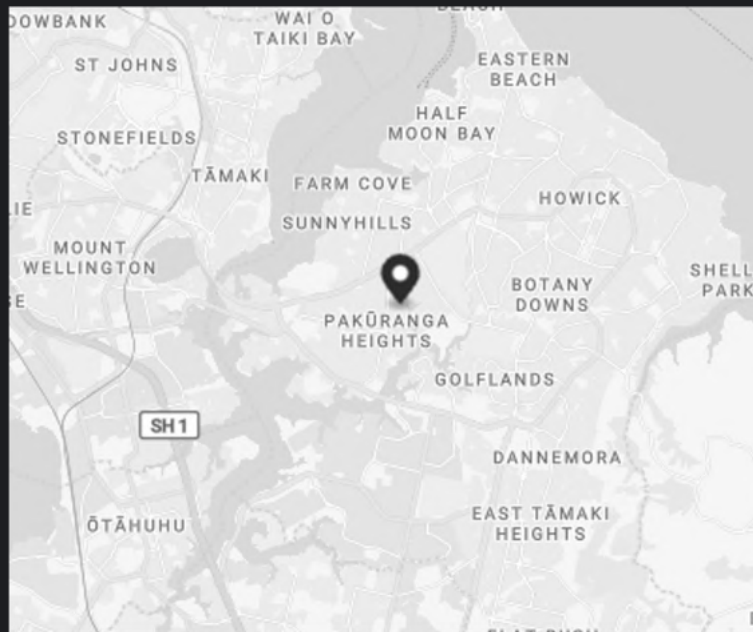

Homes are designed with a classic kiwi approach, including weatherboard and brick cladding with eaves for shading.

Each home includes a front and rear courtyard.

Your north-facing courtyard is a spacious extension of your living room. Planted with hedging and trees for privacy.

Frequently Asked Questions

How many houses are there?	There are only seven homes in this boutique development.
What am I purchasing?	A two-level home on a Freehold Title with a dedicated car park.
Do I need to pay a deposit?	A 5% deposit is required to secure the home. This deposit will be held securely in a Solicitor's Trust account and cannot be accessed by the Developer until Settlement.
Can I bring my pet?	Yes. As a Freehold (Fee Simple) property you can bring your pets without any requirement for body corporate approval.
Is there a body corporate?	No. A simple Residents Association will be established to protect the value of your home and provide an economical shared insurance policy for the homes.
What is the residents association?	This covers the cost of maintenance for the common areas and puts policies in place to protect the value of your home. This unifies the community, pays for landscaping, general maintenance, and covers the cost of insuring your home. This levy approximately \$1700 per annum and this fee includes your building insurance.
What warranties do the homes come with?	The homes come with a 10-Year MasterBuild Guarantee and a 12-Month Defects Maintenance period.
Is construction underway?	Yes, construction started in February and is progressing fantastically.
When is the move-in date?	Move-in and Settlement will be in November 2025.
Are the homes protected from flooding?	The homes are not within a floodplain and sit in an elevated position, therefore should be protected from heavy rainfall events as of 2024.
What car parks are available?	Each home comes with it's own dedicated car park. There is also an abundance of on-street car parking for your family and friends.

About the Developer

Luke Bailey

Co-Developer

-

Luke is a property developer and owns a consultancy firm specialising in project-managing residential developments.

Luke has been involved in various property and construction roles since 2016 and has had involvement in dozens of terraced housing projects across Auckland. He's actively involved in six current housing projects with a total pipeline of 49 homes underway.

Gary Gordon

Co-Developer

-

Gary is a very successful and deeply experienced property developer who has been developing for over 20 years.

Gary's experience spans Australian and New Zealand and includes everything from large-scale land subdivisions, terraced housing, apartments, and luxury towers. Most recently he's focused heavily on terraced housing in Auckland.

Tomorrow Group

Tomorrow Group Limited is a partnership between Luke Bailey and Gary Gordon.

Luke and Gary have worked together for the last four years on various residential development projects.

They have partnered together to undertake the 'Arise' project through Tomorrow Group.

Developer Track-Record

A small selection of completed projects by the developer showing the variety of experiences in the residential development sector.

Hillcrest Avenue

Twelve terraced homes in Hillcrest, North Shore, Auckland.

Completed in 2024

The Monaco

Twenty-four luxury apartment tower in the Gold Coast, Australia.

Completed in 2024

Dunn Road

Forty-Six Homestar-Rated Apartments in Panmure, Auckland.

Completed in 2019

The Buying Process

Step 1: Select and Secure Your Home

Once you've found the home you want, the best next step is to put it under contract. This locks in your home while giving you time to complete your checks. You don't need everything lined up before signing—we include a due diligence period so you can work through the details afterward.

Step 2: Due Diligence Period (10 Working Days)

After signing, you'll have 10 working days to speak with your bank or mortgage advisor to confirm financing, review everything with your lawyer and ensure you're comfortable moving forward. If you decide not to proceed, you can walk away at this stage—no questions asked.

Step 3: Confirm & Pay Your Deposit

Once you're happy to proceed, your lawyer will confirm the agreement, and you'll pay a 5% deposit, which is securely held in trust. Your deposit is protected and cannot be used for construction funding.

Step 4: Construction Updates

We'll keep you updated throughout the build with progress reports, photos, and key milestones, so you can see your home coming to life.

Step 5: Settlement & Move-In

Once your home is complete, you'll have the opportunity to inspect the quality of the build, your lawyer will handle the final settlement, and the balance will be paid. Then, we'll hand over the keys, and you'll officially be a homeowner at Arise Residences!

Next Steps

If you're interested, the best thing to do is put your preferred home under contract now — then take the time to complete your checks.

If you have any questions about the project, feel free to contact us anytime.

Get in touch today to secure your home!
